

Advanced Start-Up & Maintenance for Salt Water Pools

The Pristiva® Perfect Pool Less Work, More Enjoyment

Saves Time and Money

Pristiva is a scientifically developed formula of pristine Nova Scotia salt powered by X₂O™ enhancers. Pristiva was designed with the pool owner in mind. The result is an easy-to-use system that delivers extraordinary benefits to the pool owner with fewer steps, requiring less time and lower cost to operate and maintain a pool.

Less Work, Less Expenses, More Enjoyment

- An easy-to-use system with fewer steps, requiring less time and lower cost to operate and maintain a pool
- Reduces the need for purchase, transport, storage and handling of additional and hazardous chemicals
- Pristiva's unique and powerful formula reduces the need for cell cleaning, saving time and money while promoting longer mechanical lifespan
- Pristiva's high-grade Nova Scotia salt dissolves up to four times faster than conventional pool salts for less time brushing and noticeably superior results
- Dual-handle bag is easy to open and pour while reducing the risk of back injury
- Safeguards pool finishes and equipment and enhances equipment performance
- Performance is guaranteed

Saves Money

When used as directed Pristiva will eliminate the purchase of:

- Stain preventers
- Scale preventers
- Phosphate eliminators
- Water clarifiers and filter aids
- Algicides
- Borates

Overall annual savings may exceed \$400 per year

Pristiva's goal is to create the most technically advanced pool water so your family can spend the maximum amount of time enjoying your pool.

Your Pristiva Perfect Pool is Waiting...guaranteed!
